ABOUT US

ZGATE CONSULTING LLC is more than a brokerage firm—we are your gateway to seamless international trade. With over five years of experience, our company has carved a niche in global B2B consulting, offering strategic support for importers and exporters across sectors. We operate from Lawrenceville, Georgia, and are fully registered with the United States IRS and the Georgia Secretary of State, ensuring operational legitimacy and reliability. Our expertise spans the facilitation of agro-based product exports—such as rice, maize, and cassava—and mineral commodities including bitumen, bauxite, and iron ore. We serve as a trusted intermediary, bridging the gap between global buyers and sellers to foster transparent and efficient trade relationships.
